Ongoing Service Fees and Reviews

Ongoing Charges

As part of our advice we recommend you register for our ongoing review service to ensure that our recommendation continues to meet your financial goals.

You will pay a fee for this ongoing service. Where possible this can be charged directly to your fund and this will reduce the amount left for investment.

Ongoing service	Ongoing charges
Pre-Retirement Advice	0.25% of the total market value of the funds under management. e.g. For a fund of £100,000, our fee would be £250 per annum.
Post Retirement	0.50% of the total value of the accumulation unit value. e.g. For a fund of £100,000, our fee would be £500 per annum.
Investment Advice.	0.25% of the total market value of the funds under management. e.g. For a fund of £100,000, our fee would be £250 per annum.
Inheritance Tax Planning	0.25% of the total market value of the funds under management. 0.50% of the total market value of the investment funds that we manage on behalf of trustees.

You can pay by monthly standing order.

The Ongoing Review Service is optional and you do not have to use it. If you do register for the service and subsequently decide to cancel you can do so at any time by giving us three months' notice in writing.

Where we agree to provide you with a service that includes an ongoing review of the suitability of the investments we have recommended, we'll carry out this review at least annually. To do this we will need to contact you to assess whether the information we hold about you remains accurate and up to date. We'll issue you with a report setting out the results of our assessment and, if relevant, any updated recommendations

Other Charges

Depending on the services we provide, there may be costs and charges (including taxes), not charged by us, but related to the financial products we arrange for you. These charges may be one-off charges (payable up front) or charges payable on an ongoing basis. For example:

- **Service costs:** If your investments are held on a platform (an online investment administration service) or held with a DFM, the platform provider / DFM will make a charge for administering / managing your investments.
- **Investment costs:** These are the costs relating to the manufacturing and managing of your investments – for example, fees charged by the investment fund manager, costs relating to investment transactions.

We'll always disclose any third-party costs as part of making our recommendations.

Aggregated costs and charges

Before we provide you with our advice we will add together all the costs and charges payable so that you are able to understand the overall costs of our services and recommendations. This is referred to as aggregated costs and charges information.

Risk warnings

As you may already know, the value of investments can fall as well as rise and you may not get back the full amount of the contributions paid.

The price of the investments we may recommend may depend on fluctuations in the financial markets or other economic factors which are outside our control. Past performance is not necessarily a reliable indicator of future results.

Cancellation rights

If you transfer your investment or pension, once your transfer has completed you'll be sent a Cancellation Notice by the new pension provider. If you change your mind about transferring you'll have 30 days in which to send the notice back and any money paid will be sent back to the previous pension provider.

However, you should bear in mind that they may not accept the funds back in certain circumstances. If the funds are returned the amount will depend on the unit price at the time of cancellation so the value could fall.

Financial Crime

We are obliged to put in place controls to prevent our business from being used for money laundering and other forms of financial crime. We will verify your identity before we enter a business relationship with you. In order to fulfil these requirements, it may be necessary to undertake a search using an electronic data source.

If conducted, the electronic check would be shown on your credit file as an identity check. Alternatively, we might ask you to provide documentary evidence to confirm your identity, copies of which will be kept on your client file for our records and will be passed on to product providers if they request it.

Investments - eligible claims for most types of investment business are covered for up to a maximum of £50,000.

Insurance - in the majority of cases, eligible claims about the advising and arranging of protection products are covered for 90% of the claim, without any upper limit.

Further information is available from the FSCS at www.fscs.org.uk.
